

#Jenny

Finally I get this ebook, thanks for all these I can get now!

#Rio

Cool! I'am really happy

#Markus Jensen

I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook

#Hun Tsu

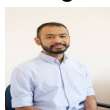

wtf this great ebook for free?!

#Che Salsa

My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

MEDICAL ABBREVIATIONS QUIZ

Health care workers often use abbreviations when communicating with each other. The following abbreviations are used at SAC HealthCare. Take this quiz and you will learn some terms. Start with the left column marked Abbreviation, read each abbreviation one at a time, and then choose the medical definition in the same row from the Choice 1 and Choice 2 columns. Use the answer key to check your work.

Abbreviation	Choice 1	Choice 2
A & P	auscultation & percussion	supermarket chain
ABT	arterial	creative expressions
BP	oil and gas company	blood pressure
DOE	disproven on reaction	female deer
ET	Spielberg movie	endotracheal tube
fx	fracture	special effects
ga	Georgia	gauge
ing	incision	incorporated
LA	left abdomen	Los Angeles
MVP	mitral valve prolapsed	most valuable player
NC	noncontributory	North Carolina
NH	Nursing Home	New Hampshire
PA	Pennsylvania	pulmonary artery
PE	Physical Education	pulmonary embolism
PROM	passive range of motion	high school dance
RR	railroad	respiratory rate
SW	southwest	standard walker
USA	United States of America	unstable angina

When the doctor writes down to take care of PKC, he needs to take care of the fracture, not the care of the special effects.

ANSWER KEY and LEARNING TIP
The medical answers are in the box below. In order to learn a medical abbreviation, you may want to create a mnemonic device using both choices to help you remember. See the cartoon on the left for an example.

ANSWER KEY: A & P auscultation & percussion; ABT arterial; BP blood pressure; DOE disprove on reaction; ET endotracheal tube; fx fracture; ga Georgia; ing incision; LA left abdomen; MVP mitral valve prolapsed; NC noncontributory; NH Nursing Home; PA Pennsylvania; PE Physical Education; PROM passive range of motion; RR railroad; SW southwest; USA United States of America.
