

#Jenny

Finally I get this ebook, thanks for all these I can get now!

#Rio

Cool! I'am really happy

#Markus Jensen

I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook

#Hun Tsu

wtf this great ebook for free?!

#Che Salsa

My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

The screenshot shows the 'Application server' management console. The 'Threshold notifications' tab is active. Under 'CPU thresholds and notification settings', there are sections for 'CPU threshold settings' (Critical: 99%, Warning: 95%), 'Notification contacts' (with a table showing 'John Smith' and 'Bob Smith'), and 'Notifications frequency' (set to 'Every hour'). Below these are expandable sections for 'RAM thresholds and notification settings', 'Disk thresholds and notification settings', and 'HTTP response time thresholds and notification settings'.
